

THE MINNESOTA PLANETARIUM
AND SPACE DISCOVERY CENTER

The stars are aligning now more than ever.

After a sold-out spring tour, the ExploraDome is taking reservations for fall 2008. And now, you can save 20 percent by booking an ExploraDome experience for this September or October!

Bring this portable dome universe to you with our interactive 3-D presentation that will dazzle and inspire your students. The ExploraDome experience...

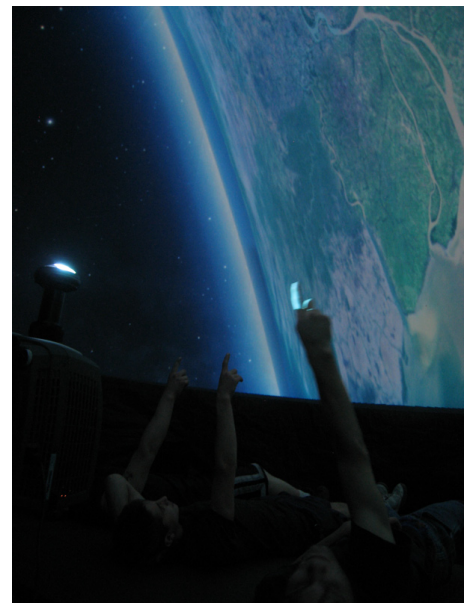

- Is unique to each classroom
- Is guided by academic standards and your individual curriculum
- Has already served over 15,000 students in 100 days of school visits in 2007-2008

84%

The percentage of teachers who strongly believe that the ExploraDome experience sparks more interest in students than other presentations they received on the subject.

94%

The percentage of teachers who strongly recommend the ExploraDome experience to other grade levels at their school and to other schools.

"It was the best science class ever! I'm not kidding! I really enjoyed looking at the planet as if I was there. I thought that we were the only galaxy and we were the center, but I was wrong. I also didn't know there were that many stars!"

— Joe, Student

"The dome showed us a perspective that we haven't explored in class."

— Kelly, Student

"Spend a few minutes inside the ExploraDome, and you'll be filled with wonder and awe. It's the next best thing to a front-row seat on the Space Shuttle. It is an experience like no other!"

— Paul Douglas, Minnesota Planetarium Society Board Member
